MS Preperations	<p>Once available, this feature will be enabled by default if you have not customized the setting for your tenant.</p> <p>You can manage the feature through Microsoft 365 admin center. You can review the setting in advance and ensure it is set to the experience appropriate for your organization. You can change it at any time; any changes can take up to 24 hours to go into effect.</p> <p>If a user joined a personal (MSA) list when the setting was enabled and you later disable it, the sync between the user and owner will stop within 24 hours. However, the user may continue to see the list for more than 24 hours.</p> <p>You might consider updating your training and documentation as appropriate.</p> <p>How to change the admin setting</p> <p>The admin setting will enable you to restrict people in your organization from joining lists owned by people outside your organization. However, whether or not the setting is enabled, enterprise users will not be able to share their lists with external personal accounts.</p> <p>Go To Microsoft 365 admin center</p> <p>Select Settings in the left hand pane</p> <p>Select Org settings</p> <p>Under Services select Microsoft To Do</p> <p>Select the correct setting in the right-hand fly-out that says "Allow your users to join and contribute to lists shared from outside the organization"</p> <p>Save the settings</p>
MS How does it affect me	<p>A personal Microsoft account (MSA) is an email address used to sign in to Microsoft services like Office 365, Xbox consoles, or Windows 10 PCs. Users can associate any email address as the user name for their MSA, including addresses from Outlook.com, Hotmail.com, Gmail, Yahoo!, or other providers.</p> <p>A work or school account is managed through Azure Active Directory (Azure AD) for a Microsoft 365 tenant.</p> <p>Microsoft To Do will support "https://support.microsoft.com/office/create-and-share-lists-4e5aeac6-8649-4813-aae5-2c2ddea2f292" list sharing between a personal account (MSA) and a work or school account (Azure AD).</p> <p>By default, users in your organization will be able to join, view, modify and add data to lists owned by an MSA.</p> <p>Users in your organization will not be able to share their lists with any account external to your tenant.</p> <p>Nor will users in your organization be able to join, view, modify or add data to lists owned by an external Azure AD account.</p>

Push notifications for work accounts in Microsoft To Do

MC222629

Microsoft To Do mobile will soon support push notifications for shared list activities on work accounts. If you do nothing, when this feature rolls out, users in your organization will receive push notifications in the Windows, Android, and iOS versions of To Do for shared list activities such as task added, task completed, and task updated.

Linked Item Details 67114 Title : Microsoft To Do: Support for push notifications for shared list activities for work and school accounts

67114 Description: This update adds the ability to create Microsoft To Do push notifications in Work and School accounts just as you can in your Personal account.

MS Preperations The admin toggle will be accessible on September 22, 2020. You should review it to ensure that it is set to the experience appropriate for your organization. Any changes may take up to 24 hours to go into effect.

Should you enable this feature in your tenant, you might want to update your training and documentation.

To review or change the setting, go the Microsoft 365 admin center.

Navigate to Settings > Org settings

Under Services, select Microsoft To Do

Select the box next to Allow your users to receive push notifications for shared list activities to turn push notifications on or off.

MS How does it affect me This feature will be enabled unless you take action before Monday, October 19, 2020. On that date, users in your organization will receive push notifications for shared list activities.
